

## Class 4 English

### Paragraph Writing

#### **My Favourite Place**

My favourite place to visit is the beach. The golden sand feels warm and soft beneath my feet, and I love listening to the whooshing sound of the waves. The salty air smells so fresh and clean. I spend hours building sandcastles with my bucket and shovel, and I watch tiny crabs scurrying across the shore. As the day ends, the sky turns a beautiful mix of orange and purple, making me feel so happy and calm.

#### **My Pet Dog, Bruno**

Bruno is my big, fluffy golden retriever, and he is the best pet. His fur is as soft as a pillow, and his tail wags excitedly whenever he sees me. He has shiny, black eyes and a wet nose that is always looking for a sniff. Bruno loves to play fetch in the park, and he runs as fast as the wind to catch the ball. At night, he sleeps curled up right next to my bed and snores softly, making me feel safe.

#### **A Visit to the Zoo**

Last month, my family and I went to the zoo for a fun day. We saw so many animals, including lions, tigers, and tall giraffes. The monkeys were especially funny as they swung from the ropes and chattered loudly. I loved seeing the colorful birds with feathers of every color, and the large elephants were amazing to watch. We even saw a huge hippo splashing in its water pool. It was an exciting and educational day that I will never forget.

#### **The Rainy Season**

After the hot summer, the rainy season is my favorite part of the year. The air feels cool and clean, and the smell of wet earth is wonderful. The clouds gather

in the sky, and soon, raindrops begin to fall, washing everything clean. I love to splash in the puddles with my rain boots and watch the flowers bloom in the garden. For the farmers, the rain is a blessing that helps their crops grow strong and green. The whole world seems fresh and new during this time.

### **My Best Friend**

My best friend's name is Ria, and she is a lot of fun. We have been friends since Class 1, and we now sit together in class. Ria is very kind and is always ready to help me when I find something difficult to understand. During lunchtime, we share our food and laugh about funny things that happen during the school day. After school, we play hide-and-seek together in the park near our houses. Having a friend like Ria makes school so much more enjoyable, and I hope we stay best friends forever.

### **My Favourite Hobby: Reading**

Reading is my favourite hobby because it allows me to explore new worlds and meet new people without leaving my room. I love going to the library to find interesting and exciting books. My favourite books are mystery stories, where I can try to solve the puzzle along with the characters. Reading helps me learn new words and imagine amazing new places. Sometimes, I even talk about the books and the characters with my friends. Reading before bed helps me have a calm and peaceful sleep. It is one of the best things to do in my free time.

### **My Favourite Festival: Diwali**

Diwali is my favourite festival because it is also known as the festival of lights. My family cleans and decorates our house with colourful lights and beautiful rangoli patterns. On Diwali night, we light oil lamps and candles everywhere. I help my mother and grandmother light the diyas and arrange them in the

windows and balcony. Everyone in my family wears new clothes, and we pray to Goddess Lakshmi for a happy and healthy year. After the prayer, we eat lots of sweets and delicious food. The best part is watching all the bright fireworks light up the night sky. It is a time for everyone to come together and celebrate.

### **My Best Picnic**

Last weekend, my family and I went to a beautiful park for a picnic. The sun was bright and the grass was soft, which was perfect for our large blanket. We packed a basket filled with tasty sandwiches, fresh fruit, and yummy juice. My brother and I played catch with a frisbee while my parents relaxed under the shade of a big tree. After our meal, we explored a small pond where we saw some ducks swimming around. It was so much fun to be outside with my family, laughing and making happy memories together.

### **My Birthday Party**

I had a very special birthday party last month when I turned nine. My parents decorated our living room with colourful balloons and streamers. When my friends arrived, they gave me wonderful gifts and cards. We played fun games like musical chairs and passing the parcel. My mom had baked a huge chocolate cake, which everyone sang "Happy Birthday" for before I made a wish and blew out the candles. After we ate the cake and some delicious snacks, we all danced to music. It was a day filled with so much joy and laughter, and I felt so loved by everyone.

### **My Summer Holidays**

My summer holidays were the best time of the year! I spent two weeks visiting my grandparents in their village, which was a nice change from the city. We played outside in their big garden and my grandma taught me how to water

the plants. My cousins came to stay as well, and we had so much fun playing board games and listening to my grandfather's interesting stories. The evenings were perfect for having ice cream and watching movies with my family. This summer was a great mix of relaxing and having adventures, and I was sad when it was time to go back home.
